College To Be Dedicated October 19

Looks Nice, Huh? . . .

THE MAIN ENTRANCE and library of the new CBC campus make quite an attractive shot, Si?

(Photo by John Jackson)

Curt Jetton, Rich Beck Selected By Frosh, Sophs For Prexy Post

Wednesday, October 1st the student body of CBC cast their ballots to choose class officers and council representatives for the coming year.

In the sophomore class, Curt Jetton was chosen as president, while Dave Dickerson was given the nod for the vice-president's chair.

Keeping the minutes will be Pat Rotan, while Chuck Health will handle the money.

In the freshman class, Richard Beck outpolled Dick Chandler in a re-run for the class presidency. Linda Mitchell was chosen as vice-president, while Nancy Shenefelt and Gloria

Held were elected secretary and treasurer respectively.

Representatives to the student council from the freshman class are Frank Keyes and Dave Everett.

While class officers were being elected, the coming year's cheerleaders, and something new for CBC, song leaders, were elected. For the coming year, Linda Mabry, Bobbie Burk, Rosellen Moore, Jim Green and Mike Gardner were elected as cheerleaders, while Mary Cole, Nancy Paulson, Joanne Richards, Lynette Johnson and Diane Morford were chosen as songleaders.

1916 Auto Acquired

Do you like relics? If so you will be pleased to hear that CBC is acquiring a relic. This relic is a 1916 touring car. It will be used to carry the royalty onto the football field at half time during the homecoming games. It will also be used to carry the cheering staff onto the football field and in parades.

During a Pep Assembly last Friday, \$22.09 was collected to pay for transporting this car from Rosaria, Washington, to

the campus. Larry Lauterslang will attempt to drive this car to Pasco. Fifteen dollars of the money that was collected will be used for gas to make the trip. The \$7.09 which is left over has not been designated for any definite use.

The car is to be equipped with different sounding horns.

This touring car should by all means improve the college spirit, and will be a definite asset to the college.

Sen. Jackson To Speak At 2-4 Ceremony In Gym

Dr. Park To Speak At College

Coming to the Tri-City area is Dr. No-Yong Park, who will speak on "Far Eastern Affairs." Dr. Park will speak in the CBC student lounge on Monday, October 20, at 8 p.m.

Dr. Park received his education in China, Japan, and Korea. He completed his undergraduate work at the University of Minnesota and his post-graduate work at Harvard University where he received the degrees of A.M. and Ph.D. While in college he distinguished himself by winning many literary and oratorical prizes in competition with American students in their own language.

He has made Far Eastern problems his life-study and has taught, lectured, and written about the subject for a quarter of a century with enviable success.

He is the author of numerous books, some of which have been highly recommended by the Book of the Month Club and literary critics throughout the country.

Dr. Park challenges and thrills his listeners, makes them roar with laughter, and gives them much food for thought when he speaks on "What Asiatics think of America and the rest of the world."

Here is what Albert Pappaport, critic of San Francisco had to say after Dr. Park addressed the audience of the renowned Town Hall.

"What a glorious morning Town Hall enjoyed today when No-Yong Park delivered his lecture before the largest audience of the season! Throughout the ten years of Town Hall's existence, none of the speakers have ever been able to define the position of China as Dr. Park did."

Speakers following Dr. Park in the lecture series are: Russ Potter, who will speak on "Flight to the Soviet" with films on Wednesday, Dec. 3 at 11 a.m. The famous Gateway Singers will follow Russ Potter

Open House Follows From Four To Six; Students To Be Guides

Dedication of the college is scheduled for October 19, 1958, at 2:00 in the afternoon. This date falls on a Sunday, and Mr. Jackson, our United States senator, is going to speak at the dedication.

In an interview with Mr. Wulff, who is architect of Columbia Basin College and the Pasco Senior High School, he said that the gymnasium and the rest of the uncompleted rooms in the college should be completed about October 19. The last of the gymnasium floor is to be laid this week.

The gym, as the rest of the college, is built with one thought in mind, to expand. The first unit of the gym is being completed now. No permanent bleachers will be installed until a balcony is built onto the gym. It will then be like the Pasco High School gymnasium.

The gymnasium will serve more as an auditorium for now. The area of the gym consists of 8,000 sq. feet. The boys and girls locker rooms, adjacent to the gym, consists of 3,200 sq. feet. At the north end of the gym is a huge stage. For right now, no spectator sports will be held in the gym. They will hold these games in the high school gymnasium.

For auditorium purposes, the gym holds between 800 and 900 people. However, when the bleachers are put in, it will exceed this number.

As of now, all the parking facilities have been completed.

Grass will be planted all over between the main building and the gym. Grass is also being planted from the east entrance to the end of the walk.

on February 7 when they will entertain at one of the formal dances of Columbia Basin College. Willy Ley, noted scientist will tell of the "Conquest of Space" in his lecture on February 16 at 9 a.m.

The wonderful thing about the whole enlightening series is that all Students of Columbia Basin College will be admitted free upon showing their student body tickets.

In Memorium of Richard DeVine

When God allows a life to solve,
* * *
That thought can ease the pain?
* * *
Accept we bow reverently and say:
* * *
Look that soul to show unto others
* * *
It is granted unto every man to die, once."
* * *
And this . . . we surely know not when.
* * *
Or just reward awaits us.

Lynn's Logic

BY LYNN BRYSON

Of what significance is CBC? To some it is a means to a goal. To some it is the realization of a goal. Unfortunately we find that others feel that CBC is almost intolerable, that they have only to endure this base existence until they can overcome the barriers that hold them back from the social whirls of a huge university.

In other words, CBC just isn't big enough to merit the honor they could bestow by trying out for cheer leader, running for class offices, or participating in club activities. Now allowing of course for those who are hindered because of working hours, we can still seek to arouse a little fire from the "Beat Bohemians" in the student lounge during activity period.

In future life it is neither the above mentioned, nor the "A" student who will always make the grade first; rather, it is the person who has shown interest in the improvement of society and is a living example of personal improvement. The one who is only interested in nothing but top grades is an incomplete being. You who display apathy towards school work and activities are less than that. It is the person who can display a keen intellect and good sense of humor along with his knowledge of books that makes a pleasant, aggressive but companionable, impression on the largest number of people. There are many virtues acquired in activity participation that spell out leadership . . . and that is the backbone of all civilization. When more people prone to thinking like leaders are evolving within this country, this nation is bound to set the pace among those nations which do not promote leadership.

If you are content to be a follower, then you still have the duty to secure good leaders. So, call it a "rat-race" or whatever you like . . . all society will not return to a "happy savage" existence for the benefit of you "Beatniks" who do not like this leader-follower struggle for survival.

Go ahead, withdraw and rebel today . . . and you will have to for the rest of your life.

Bowling Popular P.E. Class At CBC

CBC's bowling enthusiasts get their first taste of action shortly, as the P. E. department begins its program for interested kegglers.

According to Lynn Pyne, P. E. instructor, classes will be held on Mondays and Wednesdays at 10:30 and 11:30 a.m. Classes will be held at the Tri-City Bowl and the Clover Leaf Lanes. Both establishments are located in Pasco.

To date, approximately sixty boys have enrolled in each class.

Pyne stated that after a period of instruction on fundamentals, the classes will divide up into leagues, and thus give the participants a chance to show their skill in match play.

BY BOB PARNELL

For
Want
Of
A
Better
Title

This column evolved from the growing interest in Radio and Television at CBC and all across the country. Figures reflect the growth of television into a niche all its own in our daily routine and the phenomenal re-growth of the radio industry now in its second turn on the popularity merry-go-round.

Sometimes we take radio for granted because it is always there with what we want in the way of public information or as a pleasant companion in the home, shop or car.

Present statistics show that the average American home has at least three radios which operate every day of the week at various hours. Many families, surveyed nationally, indicated they have as many as six radio sets when picnic and beach portables were added to car radios. Boating firms report many new crafts are delivered with standard radio built-in.

The Tri-City listener-viewer is in an enviable position with four local radio stations, two local TV outlets and a translator which serves a portion of Richland and West Richland. Two TV cable systems bring in service from the three Spokane channels. This adds up to more exposure than provided by Bridgett Bardot in her latest movie and gives the area listener-viewer as much and in many cases more to look at and listen for than population centers of a larger size.

A wide choice of TV viewing is provided in the new fall schedule on all channels so it would seem to be a good thought to oggle something more than the so-called top rated shows.

Neconia Ed. Tells Policy

As editor of the 1958 CBC annual, the Neconia, I feel that I have a great responsibility toward presenting a good yearbook to the students.

I worked as co-editor last year under the leadership of Mr. Warren Hyslop and our two exceptionally fine advisors, Mr. Hal Akins and Mr. Howard Kielbauch. At the date of this writing it is still uncertain as to who will be the advisors this year, but I hope to have the information ready to publish by the next issue of the COLLEGIATE.

I think if the students get behind this project it will be a good thing and I know it will

SING WHILE YOU DRIVE

At 45 miles per hour, sing, "Highways Are Happy Ways."

At 55 miles, sing, "I'm But a Stranger Here, Heaven Is My Home."

At 65 miles, sing, "Nearer My God to Thee!"

At 75 miles, sing, "When the Roll Is Called Up Yonder, I'll Be There."

At 85 miles, sing, "Lord, I'm Coming Home."

Work Facinates me. I can SIT and LOOK at it for Hours.

There's no doggone reason for it — it's just our policy.

improve the annual if we have more support and co-operation. I feel that an annual is only as good as the people who make it and those who are in it.

In the very near future there will be a meeting for all students interested in working on the yearbook; where organization of a staff and selection of section editors will be made.

Members of the Neconia will be obligated to devote most of their activity hours to the publication and those who slack in their duties will be promptly dropped.

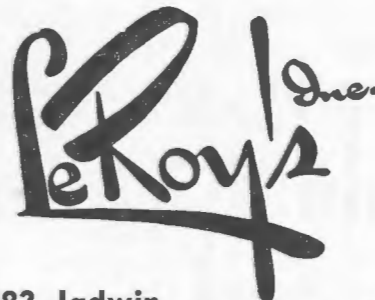

Many new features will be added to the Neconia this year, plus a bigger sports section, more complete coverage of activities, more full page pictures and many other things required to make a successful annual.

As editor I express sincere hope that this year's annual will be the biggest and the best ever produced at CBC and have begun working to reach my goal.

Snowden's Shakedown

By RON SNOWDEN

CBC continued its 3 year losing streak by being beaten last Saturday night by the Wenatchee Knights 14-8.

But this one loss does not mean another bad year for Coach (Hal) Akin's Hawks. I think it means just the opposite!

Last year Wenatchee JC beat CBC by a score somewhere around 34-0. This year the Knights beat the Hawks by only 6 points, and that came in the last two minutes of the game. I might also add, that Wenatchee had 14 men playing for them, 11 football players and 3 referees which caused most of Wenatchee's long gains. I'm not saying that the referees made the difference, but they sure helped a lot!

The CBC Hawks themselves made a lot of costly mistakes which hurt them. The boys were over excited and sloppy. Most of their mistakes were mental. But as they were playing good clean, rough football, you couldn't ask for a better bunch of guys.

Wenatchee JC gained 148 total yards, while CBC gained 154 total yards. Wenatchee was penalized 65 yards, while CBC was penalized 105 yards. Were the referees favorites of the Wenatchee ball players?

Now for a quick rundown. Coach Akins has six regular lettermen in the lineup, and four All-Staters.

Bill Johnson, a regular halfback has been assigned to the signal calling for the Hawks this year. Bill has never played quarterback before and is a little green. In future games, Bill, I'm sure, will become one, if not the best, quarterbacks in the conference.

I wish I didn't have to write about the CBC-Gray's Harbor football game. Because it was, to put it bluntly, DUMB. CBC gave the first three TD's as a gift to the Chokers. On offense CBC just couldn't find the handle on the pigskin. Defense was a little different, CBC waltzed the Choker ballplayers to the ground.

Last year the Chokers played CBC and beat the Hawks by the score of 25 to 19. This year's Hawks were supposed to be bigger, faster and all around better of the two teams. They really showed it by this year's score of 46 to 14.

I don't know what is wrong with the team, but someone had better find out and soon!

CONTINUED ON PAGE 4

Coaches Comments

I interviewed Coach (Hal) Akins on the Wenatchee-CBC game.

Q. "How did the team look?"

A. "Made a lot of mistakes that hurt us, most of them were mental. Was real good on pass defense but slow on offense."

Q. "Was the team spirit good?"

A. "The team spirit was very good, and they played good, rough, football."

Q. "How were the refs?"

A. "The referees were very hard on us, called a few that I thought were very wrong, but you can't blame them for our loss."

Q. "Who were some outstanding players on offense?"

A. "Bill Johnson did a fine job. Quarterbacking is still new to him, but he should come along fine. John Gordon played fullback and did a real good job. Ran real hard."

"Charles Wilkes played real good at halfback, also Gene Bates played an outstanding game."

Q. "Could you name some boys who played good on defense?"

A. "Ted Kuykendahl, Merrill Blair, Ray Carter, and Scheaffer all played outstanding games on defense."

About the CBC, Grays Harbor game, Coach Akins had this to say. These are some of the questions I asked him.

Q. "What happened?"

A. "Everything."

Q. "Did they play good ball?"

A. "No."

Q. "How was the offense and defense?"

A. "At times offense was OK, but most of the time it showed

James Green Ski Club President

Jim Green, president of CBC Ski Club, stated that things will soon be getting underway for this year's activities. Weekly meetings began last week, on Tuesday. At the next meeting a vice-president and secretary-treasurer will be elected. All interested students are encouraged to attend, according to Jim Green, club president.

Last year there were 22 members taking part in the activities. Yearly dues and membership consist of \$2.00. Trips are planned for practically every weekend to Tolgate, Mt. Hood, Mt. Spokane, and White Pass to mention a few. Participants are expected to pay the driver of the car they go in for gas and other expenses.

Other expenses include \$2.75 for skis, if you do not own your own; \$1.00 for lodging on weekend trips; tow fees, rope \$1.75 per day, high tow \$1.50-\$2.50 per day.

The club hopes to have more weekend trips this year, and if possible, hopes to work out a system with the Blue Mountain Ski Club whereby they can do odd jobs around the lodge to earn free tow tickets etc.

During the year the club also sponsors a number of mixers after ball games.

no ability. Defense: All I can say, we're going to work a lot on tackling this week?

Q. "Who do you think did the outstanding job?"

A. "Fred Scheaffer."

Q. "How is Bill Johnson getting along?"

A. "Should be ready to go by this week."

Football Not Just For Men . . . Moe

By DONNA MOE

Football does not belong to the men alone. Among the girls at CBC there are many faithful enthusiasts who know and love the game and will attend them, win or lose. Everyone wonders how a girl feels about the game and just what her views are. Being very fortunate in seeing the Hawks in action in their two opening games, I would like to express mine.

At Wenatchee, I really felt CBC played equally as well as the Knights, but just didn't have the breaks Wenatchee had. Penalties hurt our team and they always happened in the most vital parts of the game.

At Aberdeen against Grays Harbor, I felt the Hawks played fairly well the first quarter, but then fell completely to pieces the final three quarters. All teams have their bad nights and it must have been the Hawks off night, because everything they attempted was wrong and everything Grays Harbor did was right. They picked up several CBC fumbles, intercepted passes, completed passes which were unbelievable and made long runs.

Although the Hawks have lost their first two games, I still think each ball player will be out doing his best and we can all look forward to a great season ahead.

The team will be doing their part this season so I urge you, as fellow students, to do your part and support them.

"Doctor," pleaded Roger Plockleman, "if there's anything wrong with me, please tell me in plain English what it is."

"Well, Rog, to be frank, you're just plain lazy."

"Thank you. Now please give me the scientific name for it so I can tell them at home."

Pep Club Sponsors Free After-Game Dance

TALONS

This year's Talons (Pep Club) is getting under way. There was a free dance sponsored by Talons which was held October 4, after the game. The music was furnished by Gordon Pappas and his band. The Mad Hatters, an extra special attraction, entertained during intermission. The music was furnished through the Recording and Trust Fund of the American Federation of Musicians through the courtesy of Local Music 524, Pasco.

As of now, the only office of Talons that is filled is the office

of president. Election for male co-president and secretary will be held about the second week of October.

Nancy Shanks was elected as representative to Student Council. Also, Nancy Provins was appointed chairman of the uniform committee. This committee will decide on the uniforms that the club will wear this year.

The President, Shirley Mansfield, says, "I hope there will be more support for the club this year and more backing for the team."

Band Added Akins Heads To Activities Lettermen's Organization

CBC is growing musically. This year CBC will have both a pep band and choir.

Thanks are in order to Mr. John Fitzpatrick and band members for their enthusiasm and cooperation in providing CBC with this additional luxury. Some of the "old" students of last year will remember how dull some pep assemblies were because of lack of a band. The band practices Tuesday, Wednesday, and Thursday mornings from 10:00 to 10:30. Mr. Fitzpatrick would like to have anyone interested in joining contact him immediately.

In the planning stage is a talent program to be used as an exchange show. Also planned is a big spring review using the CBC band and Mr. Terry Crabb's choral group. Any student interested in working on a program of this kind, please contact Marvin Gardner or Sully Bayless, and leave his name, talent, or what he would be interested in working on.

Shakedown . . .

Last Saturday night the CBC Hawks played Longview JC. The Hawks lost 20-12. CBC had 13 first downs to Longview's 3. Still Longview won. What I want to know is, what happened? I talked with the coaches who stated that the boys played good ball—that it was just "bad luck." This might be very true, but what I want to know is, is there going to be bad luck for the rest of our football games? I know one thing—CBC can't lose this coming week-end, because they don't play.

CBC handed Longview three TD's on a silver plate. The Columbia Basin News called it an early Christmas for Longview. I just call it Longview night!!

Oh well, if at first you don't succeed, try, try again!!

This is Coach Akins statement on the Longview-CBC football game.

Mr. Akins said that he didn't know how a team could go on doing what the Hawks have been doing; they've got to start playing ball sometime. He said

Coach Akins, Lettermen's Club advisor, stated that from 12 to 14 lettermen have returned to CBC this year. He expressed hope that this year's club would be very active and promote lots of school spirit. Further notice of meetings, new members, and election of officers will be posted.

CBC To Host Debate Meet

CBC will host a lower division college debate tournament beginning at noon on Friday, October 24 and ending with a banquet at 6:30 p.m. on Saturday, October 25.

This will be an invitational for college freshmen and sophomores only. The participating schools will be from the Pacific Northwest region. They are schools from Washington, Idaho, Montana, and Utah. The different types of speaking that can be entered are: Oxford type debate, impromptu, and extemporaneous speaking, original oratory, interpretative reading, and after dinner speaking.

The banquet on Saturday will be for the participants of the tourney. The after dinner speech contest will be held at this time.

ALL CBC students are invited to listen to any of the debate teams or individual speakers. Class rooms will be designated for the speaking later.

further that the Hawks made too many mental errors. The coach said that CBC handed Longview three touchdowns and Longview didn't have to play, because CBC played for them!

When I asked him what is wrong with the team, his answer was, "I don't really know!!"

Book Nook Has Problems

The high enrollment for the fall quarter at CBC left the book store without some supplies, among which are, text books. The truck strike further complicated things, but the books are expected soon.

Mr. Keilbaugh, director for the store, said the students had been very patient with the delay, and as soon as the books come it will be announced.

Mildred Summers is in charge of the book store, Helping her are Melba Westerfield, Clara Hooper, and Sam Shaffner. Mrs. Summers, Mrs. Westerfield and Mrs. Hooper will work during the day and Sam Shaffner is on duty in the evening.

The store's hours are from 8:30 to 12:30 during the day and 7 to 9 for night school.

The book store is next to the lounge in building "C." Special features of the bookstore include display windows and permanent counters.

Mr. Keilbaugh would like to thank the students for their cooperation during the book shortage and urges the students to get their school supplies from the book store.

BA Majors Hear Speakers

Two local accountants met with the accounting classes this week and told of their experiences in the field.

Mr. John Ridgeway, CPA, talked to the BA 251 class on Wednesday, October 8. He pointed out some of the things students transferring to the University will face during their junior and senior years.

Mrs. C. G. Costello, office manager for Hopkins Construction Company talked to the BA 102 class. She pointed out that good accountants and bookkeepers are needed by business. She also told about some of her experiences in accounting work while working for different firms. Mrs. Costello also answered questions about what students need to know to enter the field.

Both speakers emphasized that there are job opportunities in the accounting field waiting to be filled by competent people. They also pointed out the values gained from a study of accounting by people other than professional accountants. It aids in an understanding of the business world in which we all live. It also helps develop one's reasoning powers and thinking processes.

"Is it true that the wild beasts of the jungle will not harm you if you carry a blazing torch?"

"It all depends," said the explorer, "on how fast you carry it."

Young Demo's Started; Young GOP'ers To Try

The Political Clubs will be getting under way again this year, with Mr. Oberst as instructor. The Young Democrats will be revived from last year and if there is enough interest, a Republican Club may be started.

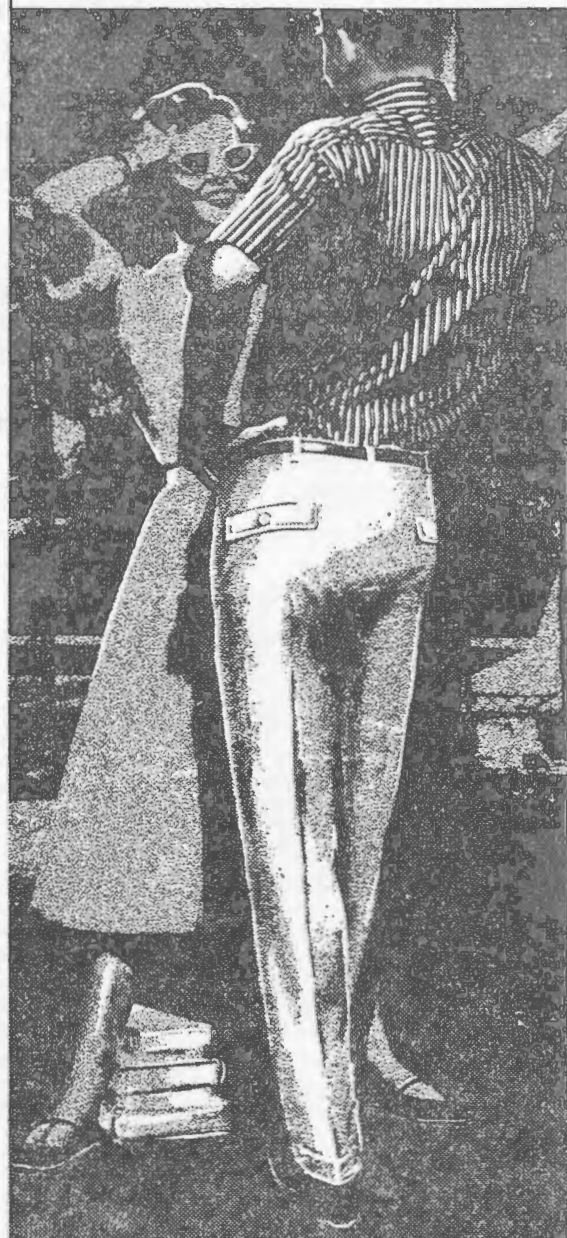

The purpose of the clubs is to learn more about party politics, elections, candidates, and campaign issues. On Friday, October 24th, five CBC political science students and their instructor will be invited to attend a political meeting at the University of Idaho, in Moscow, Idaho, with various stu-

dents from the different

Here on our own CBC campus, the young politician planning on inviting speakers from both the Democratic and Republican parties, especially candidates that are running an office, so as to learn about practical politics in relation to what is learned in

Anyone who would be interested in entering one of the clubs or attending the Political Science meeting at Idaho see Mr. Oberst. It is not essential that you be a member of a political science class.

HARRIS "BUTTON DOWNS"

The flaps "button-down" over the back pockets... the rise is short... the profile, long and lean to hug the hips... the legs, snug as ever... the fit, perfect from the start! These marks of distinction make the HARRIS "button-down" Slack the smartest you will own.
